

Pre-Renovation Form
Homeowner Receipt for EPA's Pamphlet on Lead-Based Paint Hazards

Dear Homeowner:

Many houses constructed before 1978 contain paint that contains lead. The enclosed booklet, produced by the US Government, contains information on the potential hazards of lead-based paint in the home and describes ways that you, the homeowner, can protect yourself and your family.

- I have received a copy of the pamphlet "The Lead-Safe Certified Guide to Renovate Right" from Rebuilding Together informing me of the potential risk of the lead hazard exposure from renovation activity to be performed in my dwelling unit. I received this pamphlet before the work began.

Signature of Owner-Occupant _____

Name of Owner-Occupant (Printed) _____

Street Address _____

City, State, & ZIP Code _____

Date _____

Note Regarding Mailing Option — As an alternative to delivery in person, you may mail the lead hazard information pamphlet to the owner and/or tenant. Pamphlet must be mailed at least 7 days before renovation. Mailing must be documented by a certificate of mailing from the post office.
